Infrastructure and on-site service providers

Public transport

The already-settled sections of the Kassel Industrial Park are perfectly accessible via synchronised bus-lines. Following completion of its development, the Commercial Park Kassel-Niederzwehren will also be tied into the public transportation network.

www.kvg.de | www.nvv.de

Freight centre with transshipment station

The Kassel Industrial Park has an integrated transshipment centre for combined transport solutions. This ensures access to European overseas ports.

www.containerterminal-kassel.de

Electricity/gas/heating supply

The municipal provider is prepared to provide connections as required. Please contact us if you have questions.

Telecommunications

Broad band coverage with fibre-optic network is available at the Kassel Industrial Park.

Postal services

Deutsche Post operates a mail sorting centre with overnight mailboxes at the Industrial Park.

Professional training centre BZ Kassel

BZ Kassel is the competence centre for professional education and qualification of North Hesse's chambers of trade, industry and commerce, right at the industrial park.

Fairs / Conferences / Conventions

Conveniently located in the vicinity of the industrial park, the halls of the Kassel Exposition Centre offer lots of indoor facilities, outdoor areas and associated services for all kinds of successful events.

For special events it is also possible to book the Kongress Palais, conveniently located in the western part of Kassel and close to the ICE-train-station Kassel-Wilhelmshöhe. This venue was Green-Globe-certified in 2009, as the first such facility in Germany

Gastronomy/Hotels

Several hotels are situated directly in the industrial park. Numerous hotels and guesthouses in and around Kassel offer overnight accommodation to suit all budgets and tastes.

www.kassel-marketing.de

A variety of restaurants and eateries are located on the industrial park premises. In addition to the new truck stop directly on motorway A7 it is also possible to eat at various hotels, the IKEA-restaurant and various publicly accessible company canteens.
